### PMMI's Maintenance of the Transit Mall

PMMI has a year-round commitment to maintaining the

Portland Mall. We recently completed the following:

- **Trees:** Crews removed dead or broken limbs and cleared foliage on trees south of Burnside. Pruning results in more ambient light & eliminates potential conflicts between tree limbs and overhead wires. In addition, nearly 200 maples received root fertilizer and treatment for aphids.
- **Benches:** Crews sanded and oiled wood seats and repainted metal frames to freshen up Mall benches.
- **Waste Receptacles:** Crews repaired and/or replaced trash containers as needed along the Mall.
- **Poles:** Crews painted street lights, signals and overhead catenary poles.
- **Storm Drains:** Crews flushed all storm drains as a preventative measure to ensure proper drainage throughout the winter months.
- **Brick Intersections:** Crews repaired multiple intersections as preventative maintenance for winter months.
